DIAMOND DAZZLE

Beyond its eye-catching brilliance, a diamond's ability to help draw other ingredients into the skin makes it a staple beauty player. And that's why the team at 111SKIN decided to create a seven-strong line: Celestial Black Diamond, centred around the gemstone. Super-fine diamond particles also offer gentle exfoliation, enhancing the skin's natural glow. NuBo pairs the jewel with micro-encapsulated oxygen in its White Diamond Ice-Glow Mask, which cools and calms for a luminous result. In Omorovicza's Blue Diamond Eye Cream, diamond peptides help to promote cellular repair.

Chanel bangles £1,710. Boodles Ashoka diamond cuff earrings £8,600 and the Boodles white gold and diamond ring £9,000
