BEAU

### Sweet and low

INSPIRATION: Sixties-inspired soft beehives were worn with hairband at Jasper Conran and with low side ponytails at Mari Jacobs, referencing the beautiful styles with bouffed crown we Brigitte Bardot and Julie Christie. THE LOOK: Tip your forehead and backcomb the hair around the crown area then throw your head back. Draw a ribbon around the head like hairband and tie at the nape of the neck. Next, use the loose end of the ribbon to tie the hair into a low ponytail. If necessary, use ribbon in place underneath curly grips. £1.35 Boots (0800 070 8090), or use an elastic band to secure the ponytail you wrap the ribbon around

### chic

INSPIRATION: The ponytails at Klein, Cacharel and Miuccia Prada were sleek and simple with a side parting. Our take is inspired by YSL's androgynous smoking look of 1979. THE LOOK: Make a side part with a fine-toothed comb and a bristle brush such as used by Mason Pearson. Use a hairbrush (5 (hghair.com), so sweep the hair back and to the side. Tie just below the widest part of the head with an elastic band, cover this with a piece of clear vinyl. We used Ann Summers Body Wrap, £10 (0845 320). This is perfect for slick hair but if yours is clean, use Oréal recent art Liss Control hair cream, £10.95 (0800 072 1 before brushing it back.

### High roller

**INSPIRATION:** This ponytail incorporates the rockabilly seen at YSL, Jonathan Saichon and Anna Molinari but is a little more relaxed than a stiff, Elvis-style ponytail.  
**GET THE LOOK:** Separate the top triangle of hair from the rest with a comb, taking it from the crown to the outer points of your brows. Tie the back of the hair into a high ponytail then backcomb the top triangle of hair at the roots. If your hair is fine, boost volume by rubbing Bumble and Bumble Hair Powder, £15 (020 7838 0818), into the roots. Now the backcombed hair sides as if on a large roller, and the base and side. Finally, finish with a fine mist of hairspray.

### High roller and tail

**INSPIRATION:** This super-high ponytail, seen on the s/s 07 collection of Dolce & Gabbana by Jil Sander, was once the rite of 80s supermodels like Christy Turlington. This style is especially pretty on freshly washed hair.

**THE LOOK:** Tip your head back and brush the hair upwards, smoothing it into a bun at the crown. Secure with a hair tie. Finish with a fine mist of hairspray (we used Blax, £12 at hqhair.com, as they are virtually invisible) then fix with a strong hold hairspray (we used Shiny Hold Hairspray, £8.95 at hqhair.com, 0845 070 8090). 'Ensure the hairspray is not too close to the hair as spraying too close makes it wet and sticky,' says stylist Sascha Breuer, who styled the look here.
