COVER STORY

Beauty shoots are always so much fun. Take some inspiring makeup and just add one beautiful face (Marie's), one wonderful makeup artist (thanks to her), and you have a beautiful photograph. Marie's hair is styled in a way that is both simple and elegant. Her look is a perfect example of how to achieve a stunning result. By the way, our "smooth cover" with the signed Chanel lipstick was not sponsored by the French label. Red hot lipstick = Chanel = eye. That's just the way it is.
