"There's something so compelling about a wedding dress. Every piece has got a story, that's why I love it," declares thrift maestro and stylist Bay Garnett, the mastermind behind 10's hen-party-inspired Oxfam cover shoot.

Primrose Archer

It turns out that 18-year-old Primrose Archer is less of a new face and more of a veteran model: she made her debut sexy back, again five, photographed by Tim Walker for Vogue at her family farm in Wiltshire. She wore an arched back with sedition boots and looked adorable. "I was that annoying, confident little girl trying to get in the front of every shot," she recalls. Fighting for attention is no doubt par for the course when you're the eighth of 10 children; she has four brothers and five sisters. Being in front of Miley's lens in New York is a world away from farm life, where her responsibilities include feeding the chickens. "I'm a country girl at heart," she says. "But I've always wanted to be in the city. For all my siblings and friends it's like, 'Marry a farmer, live on a farm' - but I want something different. I want to make memories and do fantastic things."
