Primrose Archer

It turns out that 15-year-old Primrose Archer is less of a new face and more of a veteran model: she made her debut seven back, aged five, photographed by Tim Walker for Vogue on her family farm in Worcestershire. She stole an arched bow with redington boots and looked adorable. "I was that annoying, confident little girl trying to get in the frame of every shot," she recalls. Fighting for attention is no doubt par for the course when you're the eighth of 10 children; she has four brothers and five sisters. Based in front of Marni's firm in New York is a world away from farm life, where her responsibilities include feeding the chickens. "I'm a country girl at heart," she says. "But I've always wanted to be in the city. For all my siblings and friends it's not like, 'Marie is farmer, live on a farm' - but I want something different. I want to make memories and do fantastic things."
