In vrai look de lad. L'étiquette de la marque Stone Island, une targette noir et rouge stylisée, toujours cousue sur la poche gauche, a longtemps fait l'objet d'un véritable culte dans les stades de foot, notamment en Angleterre, où ces deux types généraient un malin plaisir à arracher sur les vêtements des supporters adverses. Le créateur de la marque Stone Island s'appelle Massimo Osti. Il est mort en 2005, mais son œuvre, celle d'un créateur oublié par la technique et la portabilité des jeans, fait encore l'objet d'un véritable fétichisme. Cette pièce est un norm. Pourquoi? Parce qu'elle s'enfile sur la tête.

urka en coton technique. STONE ISLAND. Ob en coton. LA ROSE PARIS. Pantalon en laine. BERLUTI.

La Beaufort de chez Barbour est un classique du vestiaire masculin. Porter la sans avoir peur de faire bougepouls ou chasseur. Mûl votre Barbour sent mauvais, c'est normal et il faut assurer: Rien ne marche contre les odeurs de Barbour (pas même le fameux mélange eau et vodka). Par contre, si la toisie huilée a mauvaise mine, il est très simple de la rafraichir soi-même. Il suffit d'un peu de wax et de pas mal de patience.

Beaufort en coton cizé, BARBOUR. Pull col roulé en laine, HOLIDAY BOILEAU. Pantalon en laine, AGNÈS B. Derbyes en cuir, DOC MARTENS.
