In vrai look de lad. L'étiquette de la marque Stone Island, une target noir et rouge stylisée, toujours cousue sur la poche gauche, a longtemps fait l'objet d'un véritable culte dans les stades de foot, notamment en Angleterre, où ces deux types généraient un malin plaisir à arracher sur les vêtements des supporters adverses. Le créateur de la marque Stone Island s'appelle Massimo Osti. Il est mort en 2005, mais son œuvre, celle d'un créateur oublié par la technique et la portabilité des jeans, fait encore l'objet d'un véritable fétichisme. Cette pièce est un norm. Pourquoi? Parce qu'elle s'enfile sur la tête.

Jacke en coton technique. STONE ISLAND. Ob en coton. LA ROSE PARIS. Pantalon en laine. BERLUTI.
