ALTH+BEAUTY GRAZIA

BOLD AMBITION

Ombre lips are here to stay and this variegated orange/rose variety suits all skintones. I like to add a touch of concealer around the lip line to really help the colours pop," says Sagri, who used a lip brush to sharpen the outer edges and a fluffy brush to apply the lighter tone in the centre for a soft, graduated effect.

DEW DILIGENCE

As the natural, glowy skin aesthetic reigns for another season, it pays to hone your highlighting skills. "It all begins with hydrated skin, so don't skimp on skincare," says make-up artist Nina Sagri, who created these looks. "Then start with an illuminating foundation or tinted moisturiser before your glow product, such as L'Oréal Paris's Paradise Lumi Glotion, which can be mixed into your base or used as an extra highlight on the high points of the face."

SPRING WATCH

Bright skin, nods to naturecore and pops of petal colour will give you a fresh look for the new season
